NCT-100 Network Cable Tester

ShinewayTech NCT-100 Network Cable Tester Can help you in network construction and maintenance process, quickly find a network cable, to quickly locate the point of failure, and verify that the Ethernet cable connectivity.

Function

- Audio hunt：Supports 4 kinds of pitch conversion，Output Level >=9Vp-p
- Cable ID：Standard 4 remote adapter ，Max 16 ID-10 Remote adapter，Recognition time <1s
- Wire map：Drawing time <=1s
- Port flashes：Flashing frequency adaptive，Stand by 10/100M，10/100/1000MAdaptive port
- Loop resistance：Range 0~4000ohm，Error <=1%
- LED Flashlight：Double LED

Specifications

NCT-100	
Test Port	RJ-45 x1，RJ-11 x 1
Display	2.0" LCD, Resolution 128×64； LED x1； Function operating button ×5
Weight	100g
Language	English
CT -100	
Test Port	RJ-45 x1
User Interface	LED x7；
Weight	85g
Work Environment	Operating Temperature -10~+40℃ Storage Temperature -20~+60℃ Relative Humidity 95%（non-condensing）
Power	2 x AA & 2 x AA NiCd/NiMH
